O NAMA

Pre skoro četrdeset godina **TOPLINA PUNOG DRVETA** bila je ideja vodilja za Dragana Radovića koji je daleke 1984. osnovao skromnu zanatsku radnju i svoje neprocjenjivo znanje i iskustvo utkao u proizvodnju unikatnog komadnog nameštaja od masiva. Korak po korak postepeno su osvajane pozicije na tada malom tržištu kvalitetom, cenama i rokovima izrade, čime je polako, ali sigurno, steklena dobra reputacija.

Dvadeset godina kasnije, tačnije 27.8.2004. godine, na temeljima ove zanatske radnje nastala je porodična firma **Radović-Enterijer**. Na sledeću generaciju prenet je porodični posao sa željom da se i dalje razvija uz toplinu punog drveta - kao spoj iskustva, tradicije, steklene tržišne pozicije, poslovnosti i inovativnog duha.

Početni period poslovanja obeležen je pojedinačnom proizvodnjom i opremanjem stambenih i poslovnih prostorija nameštajem od masivnog drveta različitih vrsta, a izrađivane su idrvene konstrukcije za tapacirani nameštaj i drvena galerija (fingeri, nogice za nameštaj).

Danas se Radović-Enterijer bavi serijskom proizvodnjom širokog assortimenta trpezarijskog nameštaja i nameštaja za dnevne boravke (stolova, stolica, klupa, fotelja, dvosed, komoda, TV komoda, vitrina i biblioteka, klub stočića). Pored ovih proizvoda izrađuje se i nameštaj za spavaće sobe (kreveti, noćni ormarići, toaletni stolovi, plahari).

Godinama sticanje iskustvo danas upotpunjeno novim tehnologijama firmi Radović-Enterijer pomaže u obradi najboljih materijala čime u svoje proizvode ugrađuje pečat jedinstvenosti i kvaliteta. Sav nameštaj se izrađuje u kombinaciji masiva bukve i furniranih ploča.

Ulaganje u obliku dugogodišnjeg rada rame uz rame sa znanjem, kreativnošću i velikom upornošću, doveli su do velikog assortimenta proizvoda kakav danas krasi Radović-Enterijer. Sledеći svoje ideje vodilje: kvalitet, inovacije, poslovnost i dalje ćemo u Vaš stambeni i poslovni prostor unositi toplinu punog drveta kako bi ih oplemenili i učinili što prijatnijim.

Almost forty years ago **THE WARMTH OF SOLID WOOD** was the guiding idea for Dragan Radović to found a modest craft shop in the distant 1984 and put all of his invaluable knowledge and experience into the production of a unique piece of furniture made of solid wood. Step by step gradually positions on the small market were won with quality, prices and deadlines, which was slow, but certain road to gain a good reputation.

Twenty years later, on August 27, 2004, the family company **Radović-Enterijer** was founded on the basis of this craft shop. The family business was passed on next generation with the desire to continue to develop itself with the warmth of solid wood - as a combination of experience, tradition, acquired market position, business and innovative spirit.

The starting period of business was recognizable by individual production and furnishing of both - residences and offices with solid wood furniture of different types, and wooden constructions for upholstery furniture and fancy wood production (wooden hangers, wooden furniture trestles/legs) were made also.

Today, Radović-Enterijer is engaged in serial production of a wide range of dining and living room furniture (tables, chairs, benches, armchairs, sofas, chests, TV stands, display cabinets, libraries, coffee tables). Also, production includes bedroom furniture (beds, nightstands, mirror chests and cabinets, dressing tables, wardrobes).

The experience gained in many years today is complemented by the new technologies and is helping in the processing of the best materials to the company Radović-Enterijer, which is incorporating the seal of uniqueness and quality into its products. All furniture is made in a combination of beechwood massive and veneered panel boards.

Investment in shape of many years of work, along with knowledge, creativity and great persistence, led to a large assortment of products that Radović-Enterijer has today. Following our guiding principles: quality, innovation, professionalism, we will continue to bring you the warmth of solid wood in your home and working space to make them better and more comfortable.
